

May 24, 2020

DEADLINE EXTENDED: COVID-19 testing survey deadline revised to Monday, May 25 at 3 p.m.

The RHRA has received feedback from retirement homes on yesterday's COVID-19 testing survey request. We've heard you that it's challenging to get the survey in by the deadline of 6 p.m. today, and we agree that caring for residents needs to be the priority of staff working this weekend. The RHRA is therefore extending the deadline to 3 p.m. Monday, May 25. We appreciate your feedback and your participation in this effort to gather information to enable the planning and delivery of COVID-19 testing for retirement home staff and residents.

Please note that a centralized approach has been taken for chains with five or more homes. The head office will complete the data collection request centrally and individual homes in the chain will not receive separate surveys.

If you need help accessing or completing the survey, we've created a list of [Frequently Asked Questions](#) or you can email COVID19survey@rhra.ca.
